

**Chief Judge: Dean Cady**

M & M YC welcomes Dean Cady again. With his long history of national and international participation in the legal administration of sailing events, organizations and sailing associations, we are honored again to have such a high quality Judge for our event. Dean is a US Sailing Senior Judge, ISAF International Judge and a 20 year contributor to the Chicago/Mackinac Race staff including Chief Judge in 2008. Judge Cady is representative of the efforts that M & M YC has gone to in order to bring you a high quality event every year.

**Your Host: M & M Yacht Club**

Founded in 1935, this small town club, run by volunteers, has made it's mark on the sailing world. Perched on the shore of Green Bay with ample clean clear water and good access, M & M YC has hosted regional and national events with great success over the years. National Champions, Olympians, American Cup Sailors and internationally known sailing names have all enjoyed our fair breezes, hospitality and wonderful sailing we are known for. M & M YC is committed to enhancing and contributing to the sport of sailing. We are always honored to host our premier sailing event every year, and work hard to make sure all of our guests are well taken care of.

**Your Course: on the Bay of Green Bay**

Whether you are sailing the Spinnaker or Non-spinnaker course, you will have a beautiful day on central Green Bay, weaving through islands from the Michigan shore to the Door County Shore and back. Each course is designed to give both classes a fair 360 degree course that is suited to their class as a good day sail. Long since shortened from the original 100 Miles, these courses offer interesting navigation challenges and varying wind conditions. Generations after generations have enjoyed this event.

**Planning for the Future: Playtime on the Bay**

As most people know, the 100 Miler follows the Chicago/Mac race every year, no matter which week they are running. We have teamed up with the Racine Yacht Club who hosts the Hook race every year on the same date as the Chicago/Mac race. Their race starts in Racine the Saturday before the 100 Miler and finishes in Menominee at the M & M YC on Sunday and Monday. They host a great party, including a Mount Gay Rum Party, and have a great time when they get here. The Hook also has a great cruising fleet that accompanies them on the race course, with a few alterations to adapt to cruising needs. They join in the party and have a good time with the rest of the fleet. The Hook is very attractive for those who want some longer distance racing without the hassles and expense of the Chicago/Mac. Many participants enjoy racing the Hook, use the weekdays to cruise Door County and return for the 100 Miler.
