

From Ike Stephenson
5.5 Boat Owners

Commodore Hubert has asked me to take on an interesting job for our club. The 5.5 association has asked for historic information on the 10 5.5s that we had in Menominee. Needed is information on where these yachts went. Can any one tell us whom subsequent 5.5 owners were after they left Menominee?

This information will be passed along to Commodore Hubert and subsequently to the 5.5 association in Switzerland.
